# INTERNATIONAL BOARD OF CONSULTANTS

## CSRs International Consultants

We are privileged to have a diverse team of international experts in digital safety who work alongside our organization to promote online security and protection for all. Each member of our team is a recognized authority in their respective field, with years of experience in cybersecurity, online privacy, internet governance, digital ethics, and other areas. Their expertise and insights are invaluable in helping us achieve our mission of creating a safer online environment. On this page, you can learn more about each member of our team, including their bios, pictures, and links to their relevant work.

### INTRODUCTION:

The Global Digital Safety Collaborators/Advisors team is a group of international experts in digital safety, working with our organization to promote online security and protection. Their expertise and insights are crucial in achieving our mission of creating a safer online environment. In the following plan, we propose a series of quarterly virtual meet-ups and discussions for 2023-24 to keep the digital safety advisors engaged and motivated.

### OBJECTIVES:

- To keep digital safety advisors engaged and motivated throughout the year.
- To provide ongoing support and opportunities for learning and collaboration.
- To facilitate knowledge sharing among the digital safety advisors.
- Quarterly Virtual Meet-Ups
