**Innovate and Empower: Building for a Safer  
Digital World**

# Trust and Safety Festival India

**7 & 8 OCTOBER 2025;**

**DELHI, INDIA**

From AI to digital rights, regulations, tech policy and algorithms, we invite the best of the industry to collaborate on emerging trends, issues and create solutions in digital spaces

**Official Pre-Summit Event of the  
AI Impact Summit 2026, Govt Of India**

# Trust and Safety Festival India

7 & 8 OCTOBER 2025; DELHI, INDIA

Centre for Social Research, India is thrilled to partner with the Trust and Safety Forum to host the inaugural India Trust and Safety Festival at Delhi in October 2025.

Endorsed by the Ministry of External Affairs (MEA), Ministry of Women and Child Development (WCD), and the Ministry of Electronics & IT (MeitY), and recognized as the Official Pre-Summit Event of the AI Impact Summit 2026, Govt of India, this milestone gathering, themed “AI: Innovation and Empowerment”, will convene trust and safety leaders from industry, civil society, academia, and government. Key conversations will focus on combating digital harms and AI-generated content, supporting survivors of non-consensually shared intimate images, fostering youth well-being online, and countering online scams and fraud.

The Festival aims to deepen trust and safety cooperation through shared learning and highlighting best practices.
